## **Description**

**ATLAS Assembly-Grip** 370 is a durable lightly coated flat-dipped dark gray colored Nitrile on black Nylon coated glove features exceptional touch sensitivity, grip, dexterity and durability with oil resistant Nitrile coating.

The nylon lining provides extremely comfortable fit that is the lightest weight possible. The lightweight but durable Nitrile coating provides outstanding touch sensitivity and grip. An elastic knit-wrist secures the glove above the wrist for comfort and preventing debris from entering the glove. Launder at 40°C (104°F) using a neutral detergent.

## **Suggested Applications**:

- Assembly
- Maintenance
- Masonry
- Shipping and Receiving
- Automotive Industry
- Machinery
- Construction
- Landscaping

This list of suggested applications is partial and based on laboratory testing of glove performance.
