January 24th 2020

Ms. Radica Rambharat
IRP FIRE & Safety Limited
#119 Boundary Road
San Juan
Trinidad, W.I.

To whom it may concern:

I hereby confirm that **IRP Fire & Safety Limited.**, with offices in #119, Boundary Rd, San Juan, Trinidad & Tobago, is an Authorized Dealer for Trinidad & Tobago for **Fire-Lite Systems** by Honeywell, the leading brand in fire detection systems.

Fire-Lite is a division of Honeywell Security and Fire, and is headquartered in Connecticut, USA. It is the largest worldwide manufacturer of fire detection and evacuation systems. Our products and services protect human life and property all over the world. We are committed to quality, reliability and constant innovation. Our technology systems provide functions and features unique to each application, ensuring compatibility with existing Fire-Lite systems, and integration with other management systems, preserving the value of your investment.

For over 60 years Honeywell has been the world leader in fire alarm systems, from medium to large size applications, with regional support operations on every continent, ensuring we provide the flexibility and options your system requires. We appreciate the opportunity to work with you on your fire detection needs and thank you for your interest in Fire-Lite by Honeywell.

Should you have any questions I would be more than pleased to further assist.

This letter will be valid from today January 24th, 2020 through Dec 31st 2020.

Cordially,

Luis Adrian Galindez
Territory Manager Florida Exports & the Caribbean
